WHAT IS THE THEME?

**The 2012 Theme is: EVERYTHING'S NEW:
everyday. everywhere. forever.**

Daily, we are bombarded with messages of new inventions, ideas and experiences that promise to change our lives or fulfill our longings. And yet each day we wake up and it seems nothing has changed. But the promise of the gospel is that *everything* is new.

We've made the gospel small. We've made Christianity about little else than avoiding bad things, having access to a cosmic lifeguard, and getting our ticket to heaven stamped. *But the gospel isn't small!* And following Jesus is about *so much more* than avoiding sin and going to Heaven. We follow a *risen* Christ, who *killed* us when He was killed, and *raised* us when He was raised, which means that now we can view *everything* through the other side of death — eyes filled with New Life.

This *risen Christ entrancement* changes the way we see ourselves and every other person around us. It changes the way we view the church, school, technology, sports, dating, love, friendship and all the things that make up our lives. It changes *everything*.

Through the book of Colossians we will help students open risen eyes to discover the inexplicable wonder that through the Gospel, *everything is new*. Together, we will see how Jesus, not just crucified for our sin, but *risen for our new life*, has massive repercussions for why and how we live our lives *everyday, everywhere, forever*. Literally, *everything is new*.
